- Including flashlight for extra visibility
- Resistant to dirt, dust, water, ice and corrosives
- Stream to zone 1/21 or 2/22 tablet (optional)
- Up to 8 meter reach
- **This datasheet is preliminary!**

#### Bartec x Cobic-Ex Zone 0 Inspection kit

Cobic-Ex and BARTEC have teamed up to provide the world's very first multifunctional, economical zone 0 inspection kit. The Bartec SP9, rated for zone 0 areas, gets paired to a zone 0 flashlight, both mounted to a telescopic pole with a reach of 8 meters. This way you can record in for example tubes, vats, high up, etc. Optionally the images can be livestreamed to a zone 2/22 or 1/21 tablet, for direct vision during inspection.

<b>Charging</b>	<b>Battery</b>	4,300 mAh (replaceable)
	<b>Connection</b>	USB C
<b>Weight</b>	1.2 +/- 0.10 lbs (0.54 +/- 0.05kg)	
<b>Operating temp</b>	-20°C to +55°C	
<b>Zone Classification</b>	Zone 0, Zone 21 (ATEX/IECEx)	
<b>Dimensions</b>	168.7 x 83.4 x 17.9 mm	
<b>Weight</b>	350g (with battery)	

<b>Processor</b>	Qualcomm® QCM6490 Octa-Core 2.7 GHz	
<b>Display</b>	<b>Size</b>	6.1"
	<b>Resolution</b>	1080 x 2340 pixels
	<b>Material</b>	Gorilla® Glass Victus® (Generation 8)
	<b>Panel</b>	AMOLED
<b>Power</b>	Rechargeable Lithium Ion Battery	
<b>Rear camera</b>	48 MP with 4K video recording
